

## GCSE Results 2025

*Well done to our 2025 leavers for strong GCSE grades and a full sweep of passes.*

*Immanuel School has small cohorts each academic year, and this means that our statistics have the potential to vary quite widely year on year. Reporting results as a percentage when cohorts are small is often not helpful, nor does it tell the whole picture. It does, however, provide some anonymity for individual pupils.*

**Here are some of the headlines:**

- **100% of pupils achieved grades 9-5 in all their exams.**
- **100% of pupils passed GCSE Maths**
